

DEPARTMENT OF THE ARMY
NASHVILLE DISTRICT, CORPS OF ENGINEERS
P. O. BOX 1070
NASHVILLE, TENNESSEE 37202-1070

IN REPLY REFER TO

Project Planning Branch

To All Interested Parties:

The U.S. Army Corps of Engineers (Corps), Nashville District has prepared an Environmental Assessment (EA) and unsigned Finding of No Significant Impact (FONSI) for a proposed request from Buzzard Rock Resort and Marina, for the development of an access roadway and 10 recreational villas within their existing lease area at Lake Barkley in Kentucky.

Buzzard Rock Resort and Marina currently maintain overnight facilities within their established lease area. Buzzard Rock Resort and Marina has requested to expand their overnight facilities to accommodate additional visitors to the area.

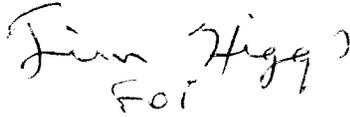

The following alternatives are considered in this EA:

1. approve proposed request;
2. approve proposed request with special conditions to minimize impacts;
3. deny the request (This alternative would be the No Action alternative).

The EA and FONSI are being made available for viewing at the locations listed on the following page. The documents are also available on the Nashville District's website at www.lrn.usace.army.mil/pmgt/Environmental/public_notices.htm. You may also request a copy by writing to the address above or calling the number listed below.

Please provide any comments concerning the EA and FONSI prior to January 30, 2009. Responses should be mailed to the above address. Your participation is greatly appreciated. If you have any questions, please contact Mark Vaughan, Biologist, at (615) 736-7853.

Sincerely,

Jim Higg
FOI
